Ray's

Contemporary Entertaining

Designed by famed architect Renzo Piano, Ray's and Stark Bar is one of LA's most iconic restaurants and event venues. Nestled between Urban Lights and Levitated Mass at Los Angeles County Museum of Art, Ray's and Stark Bar is the perfect location for corporate mixers, intimate dinners and festive birthday parties.

Bold Flavors

Executive chef, Fernando Darin, specializes in globally-inspired, California fresh cuisine. The menu includes dishes from the restaurant's wood-burning oven and grill with an emphasis on farm-to-table and seasonal fare featuring garnishes from the restaurant's garden located on the LACMA campus.

Ray's and Stark Bar mixes handcrafted, seasonal cocktails alongside a California-centric wine list and artisan beers and spirits.

High Design

The restaurant's design continues the mid-century modern architectural language of Renzo Piano's surrounding structures. Three floor-to-ceiling glass walls offer guests an impressive view of the pavilion and Urban Light sculpture. An installation of textiles and artist-designed tea cups splashes color along the back wall, making it the perfect backdrop for your event.

Event Services

Ray's and Stark Bar special event services are available to all party sizes. We specialize in making intimate dinner's unforgettable and grand cocktail parties spectacular. Contact us to help plan your next corporate outing, birthday party or rehearsal dinner.
